Command Dog Training School (CDTS) is the longest running & most respected professional dog training company in Melbourne. It is often recommended as the school of choice by veterinarians, local councils, pet shops and other pet industry businesses.

Established in 1983 by training director Basil Theofanides, the school has won numerous awards for its outstanding customer service. This success has been achieved through honesty, fairness, commitment to best practices in training methods, customer focus and continuous self improvement. Moreover, the school has won numerous customer service awards including the **Fair Trading Award** (Office of Fair Trading & Business Affairs) and a **Leader Business Achiever** award

They say that the best asset a company can have is its staff. This rings very true at CDTS. Our Instructors are ardent in their work which is reflected in the high standards achieved by dog owners and of course, their dogs. The school's instructors are qualified and nationally accredited by Australia's leading industry bodies, **AAPDT** (Australian Association of Professional Dog Trainers Inc) and **DTA** (Dog Trainers Australia).

Unlike many so-called dog trainers of today who claim they are behaviourists after doing a short course in dog training, CDTS Instructors are all experienced hands-on trainers who have been selected by Basil Theofanides to join the school as Instructors. Furthermore, they have a minimum of 5 years in the industry; have trained their own dogs to Advanced and some to Competition levels. This criterion underpins the quality of training our customers receive. As a customer you can be assured of a qualified industry expert teaching you to understand and train your four legged pal.

There are many other reasons why dog owners choose CDTS over other trainers. As a dog owner if you are looking for a program that is structured, provides clear learning outcomes at each session and small learning groups (class limits a maximum of 8 for our outdoor venues and 6 for our indoor venues) our school is suited to your needs. Training in small groups ensures all participants receive personalised attention and assistance with their dogs and dog problems. Furthermore, unlike other schools or clubs, each class has a dedicated instructor who remains with the group from start to finish. The school is so confident with its service it guarantees* all its programs.

As a professional dog training educator CDTS understands the importance of improvement. Consequently, it is continually upgrading its instructor skills by holding regular workshops facilitated by Nationally Accredited Trainer Basil Theofanides and through attendance of industry seminars such as *Both Ends of the Leash* with Dr Patricia McConnell & *Foundation Course in Canine Communication* with Jan Fennell (aka The Dog Listener). Additionally, its management systems are audited by DTA ensuring industry best practices are adhered to.

Training director and owner Basil Theofanides who is personally involved in the day to day operations says

"I am passionate about my work and take it personally if a customer is not happy with our service. When I first started the concept of Command Dog Training School 25 years ago, my mission was to provide high quality training programs to dog owners across Melbourne by employing and training only the best trainers in the industry. Moreover, the school had to be customer service oriented and become a leader in the industry. Having said that, I am proud to say, my mission has been achieved. However, this doesn't mean we will rest on our laurels. Our school will continue to forge its way in this ever-growing industry to ensure you the dog owning public always has a reliable, trustworthy and safe dog training company to service your needs".

On a final note Command Dog Training School is an Australian family owned business not a franchise or a business run by other companies as with some dog training schools of today.

BASIC OBEDIENCE PROGRAMS

AIMS

This is our most popular course for the pet dog owner which runs for eight hourly sessions over eight weeks with *guaranteed* results. In this course, you will be able to achieve a fundamental level of control with your dog by learning to communicate effectively, thus creating a greater bond. Socialisation and sociability training is integral to the program. The minimum age of dogs is 16 weeks and must be immunised. All new enrolments will receive a FREE showbag from Nature's Gift Australia!

Unlike the adhoc classes run at other clubs or schools, all our courses are structured. Each week you will be taught a series of new exercises, which you will need to practice each day to become proficient. In this manner you will achieve clear objectives in your training, through simple yet effective means. Class size allows a maximum of only eight to ten people (outdoor venues) and six people (indoor venues). This ensures that each person is given individual help with their problems and exercises. Also, dog owners are taught by the same Instructor each week. Make-up sessions can be organised for any missed and courses can be suspended for up to 3 months.

What you and your dog will learn: **Heel on lead, Social Walking, Sit at Heel, Drop on command with hand signal, Sit and Drop Stay, Recall (come when called), sociability exercises and much more.**

Behavioural problems such as the dog jumping on people, digging holes, pulling clothes off the washing line will also be dealt with throughout the program. Furthermore if your dog is timid, nervous or anxious, you will be advised and taught how to deal with these problems.
